# Publish and Manage Jobs

## Overview

This guide explains how the Recruitment Management team:

- Creates and publishes job postings based on project requirements published by the Project Managers (PMs).
- Finds relevant resources for the published job postings.

After a project is published by the PM, the Recruitment Director assigns the project requirement as a job to the Recruitment Team Lead. The Recruitment Lead then assigns that job requirement to a recruiter. The Recruiter is responsible for creating the job posting and publishing it to OneForma.

Recruiters can publish public and private jobs for Crowd and Expert Talent.

- Public jobs are available for all the resources to participate.
- Private jobs are available only to selected resources who are invited by the recruiter to participate in the job.

However, for Agencies and Professional users, after the job gets published, the recruiter invites vendor resources to the job.

## User Roles

- Recruiter Team Lead
- Recruiter

## Prerequisites

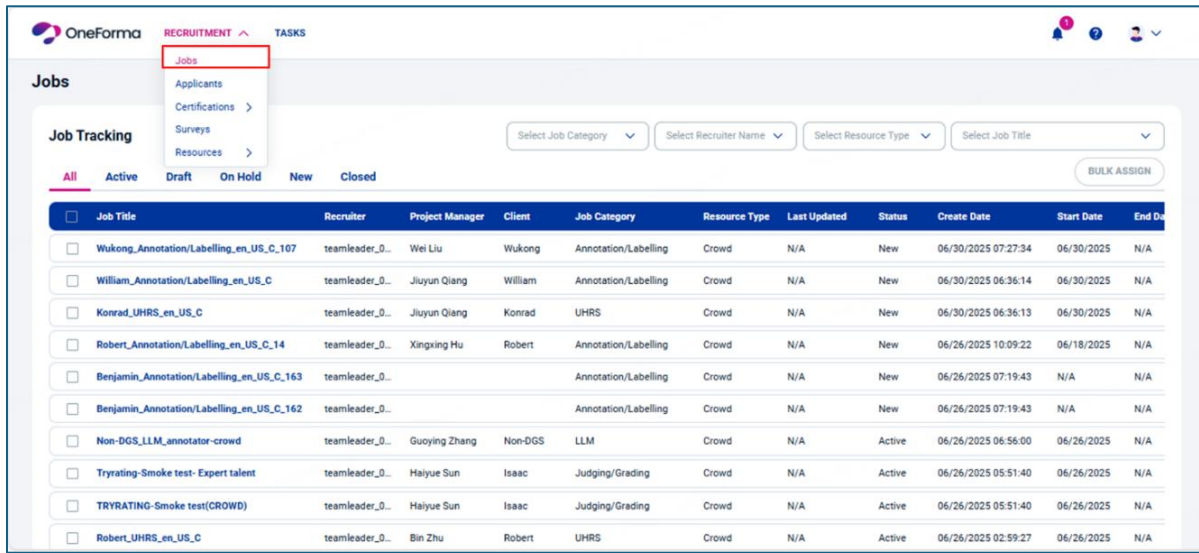

- An active project published by the PM.
- Access to the Recruitment Management module either as Recruitment Team Lead or as a Recruiter.

## Create and Publish Job

As a recruiter, you can create and publish a job. This job will be based on the resource request made by the Project Manager.

1. From the **Recruitment** dropdown, click **Jobs**.

**Note:** You can filter jobs by **Job Category**, **Recruiter Name**, **Resource Type** and **Job ID/Job Title**.

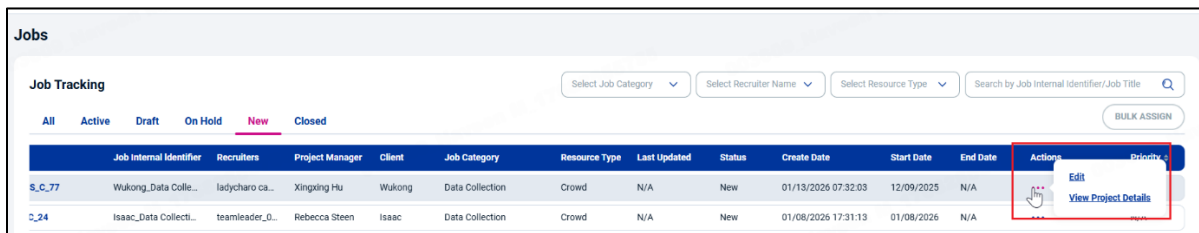

| Job Title                                | Recruiter       | Project Manager | Client  | Job Category        | Resource Type | Last Updated | Status | Create Date         | Start Date | End Date |

2. Navigate to the **New** section.

**Notes:**

- All projects published by Project Managers will appear in the **New** list.
- The job title will follow the format: **Client Name + Job Category + Locale + Resource Type** (C, P, A for Crowd, Professional, and Agency, respectively).

3. Locate the relevant specific job requirement.
4. Navigate to the **Actions** tab, click the ellipsis icon and select **Edit**.

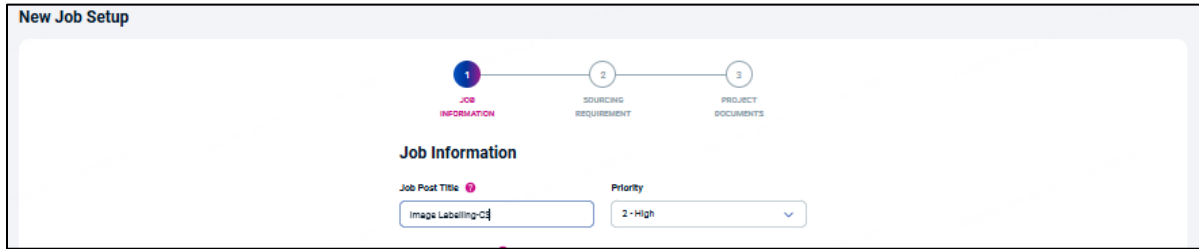

| Job Internal Identifier | Recruiters            | Project Manager | Client        | Job Category | Resource Type   | Last Updated | Status | Create Date | Start Date          | End Date   | Actions |                                                              |
|-------------------------|-----------------------|-----------------|---------------|--------------|-----------------|--------------|--------|-------------|---------------------|------------|---------|--------------------------------------------------------------|

| I_24                    | Isaac_Data Collect... | teamleader_0... | Rebecca Steen | Isaac        | Data Collection | Crowd        | N/A    | New         | 01/08/2026 17:31:13 | 01/08/2026 | N/A     |                                                              |

## Step 1: Job Information

1. Enter details in the **Job Information** section.
  - Enter a name for **Job Post Title**.

- Select priority of job post from the **Priority** dropdown.
  - Highest - 1
  - High - 2
  - Medium - 3
  - Low - 4
  - Low Lowest - 5

**New Job Setup**

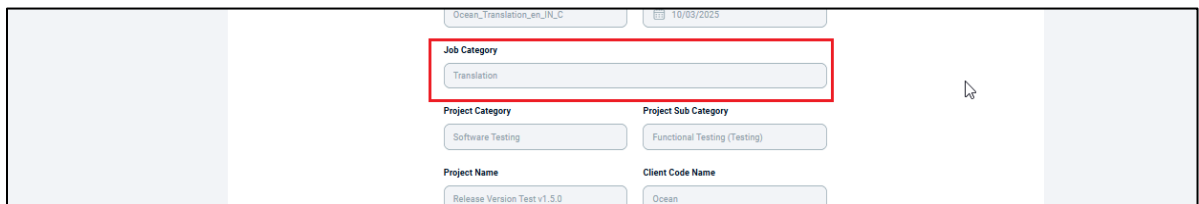

1 JOB INFORMATION    2 SOURCING REQUIREMENT    3 PROJECT DOCUMENTS

**Job Information**

Job Post Title     Priority

**Note:**

- All non-editable fields are automatically pre-populated with details from the Project Management module.
- The job category is automatically synced from Project Management and is visible in the **Job Information** section in Recruitment Management.

Ocean\_Translation\_en\_IN\_C    10/03/2025

**Job Category**

**Project Category**

**Project Sub Category**

**Project Name**

**Client Code Name**

2. Click **Next**.

## Step 2: Sourcing Requirement(s)

There are a few non-editable fields that get automatically pre-populated with details from Project Management module.

1. Select the **Job Type**. (**Crowd Only**)

This setting determines the visibility of the job.

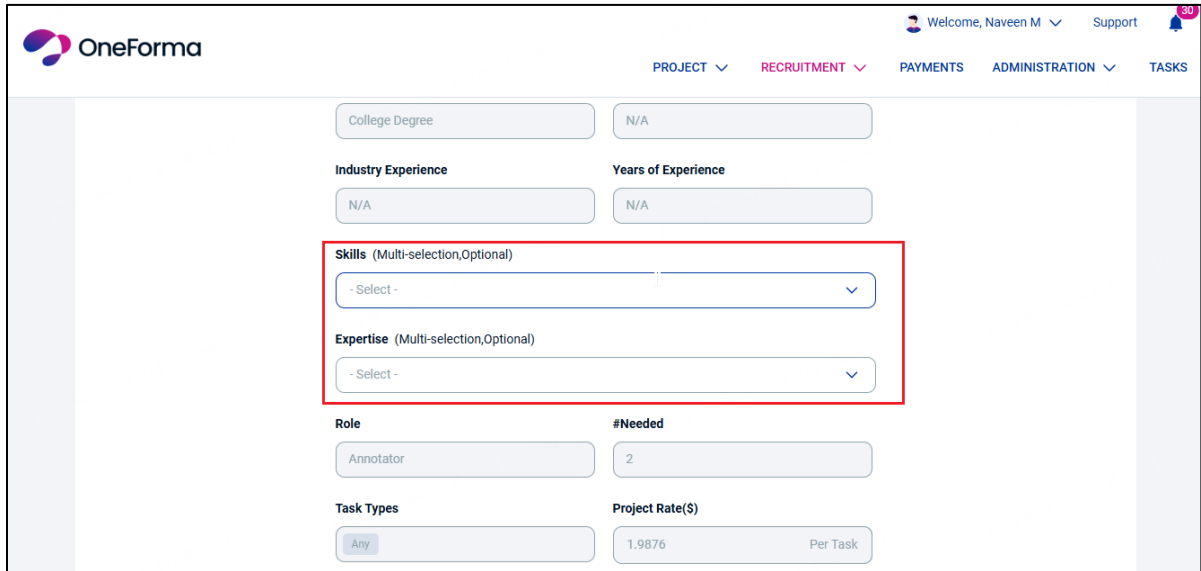

**Job Type**

☐ Public    ☒ Private

- **Public:** The given job will be available for all crowd users.
- **Private:** The given job will only be visible for the selected invited resources

2. Select **Skills** and **Expertise**, if needed, from the dropdown.

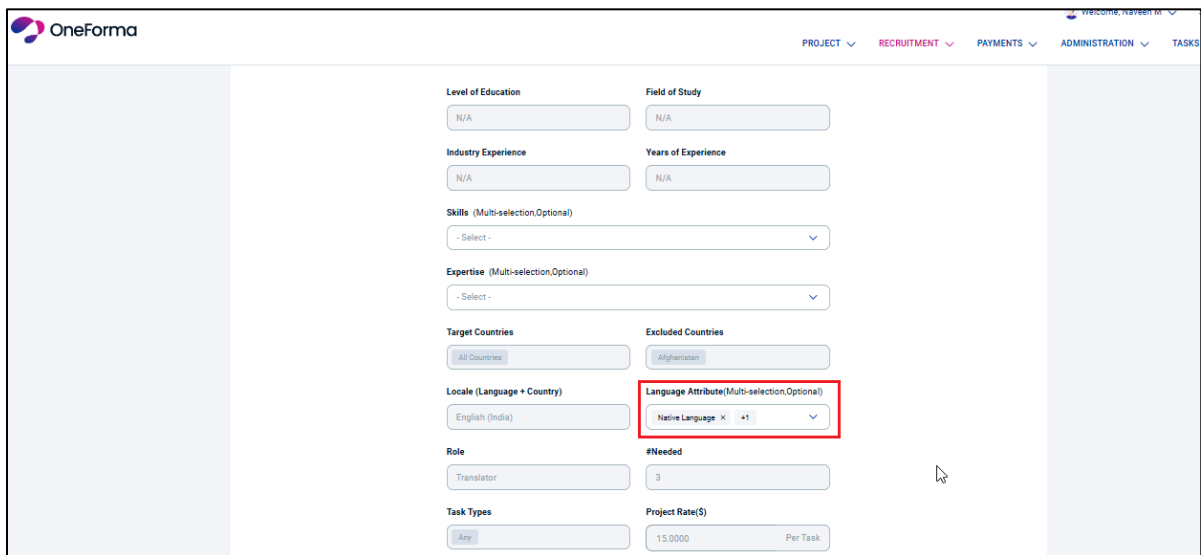

**Note:** You can also multi-select options from skills and expertise fields.

The screenshot shows the OneForma recruitment form. The top navigation bar includes the OneForma logo, a user profile (Welcome, Naveen M), and a Support link. Below the navigation bar are tabs for PROJECT, RECRUITMENT (active), PAYMENTS, ADMINISTRATION, and TASKS. The form fields are as follows:

- College Degree: N/A
- Industry Experience: N/A
- Years of Experience: N/A
- Skills (Multi-selection,Optional):** - Select - (highlighted with a red box)
- Expertise (Multi-selection,Optional):** - Select - (highlighted with a red box)
- Role: Annotator
- #Needed: 2
- Task Types: Any
- Project Rate(\$): 1.9876 Per Task

3. Select **Language Attribute** for **Translation** job category if required.

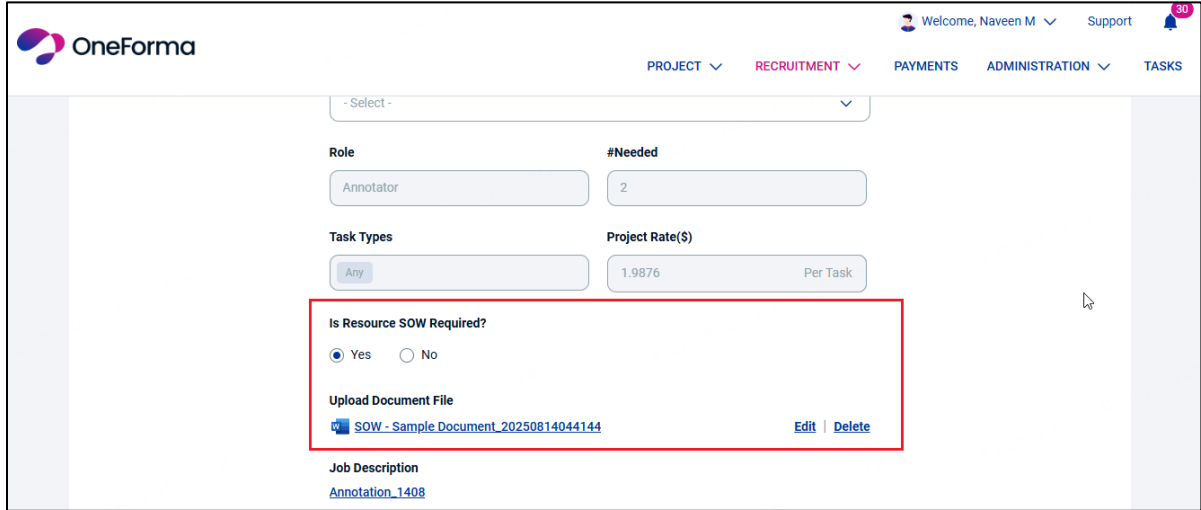

The screenshot shows the OneForma recruitment form with the following fields:

- Level of Education: N/A
- Field of Study: N/A
- Industry Experience: N/A
- Years of Experience: N/A
- Skills (Multi-selection,Optional): - Select -
- Expertise (Multi-selection,Optional): - Select -
- Target Countries: All Countries
- Excluded Countries: Afghanistan
- Locale (Language + Country): English (India)
- Language Attribute (Multi-selection,Optional):** Native Language x +1 (highlighted with a red box)
- Role: Translator
- #Needed: 3
- Task Types: Any
- Project Rate(\$): 15.0000 Per Task

**Note:** You can select multiple attributes for translation jobs.

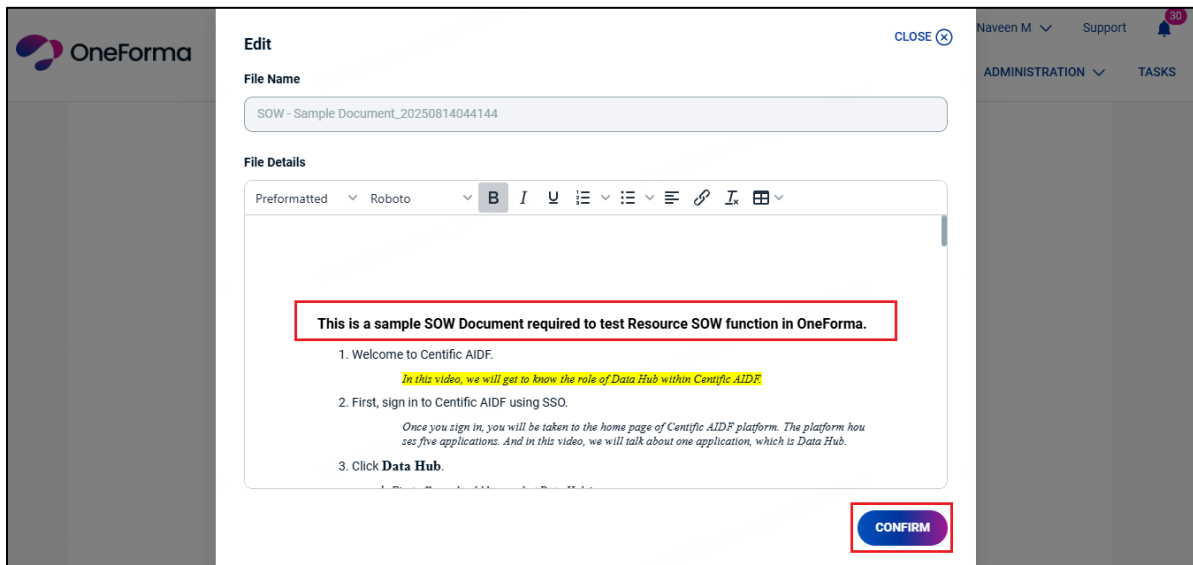

4. Click **Yes** for Resource SOW.

**Note:** SOW document can only be added for crowd resources.

5. Select the file from your system and click open.
6. Click **Upload File**.

**Note:** To make any changes to the uploaded SOW document click **Edit** or to remove the document click **Delete**.

7. If you choose to edit the document, make the necessary changes then click **Confirm**.
8. Click **Yes** to add survey.

**Note:**

- Surveys can now be added at each job request level.
- You can select a single survey for a request.

9. Select the relevant survey.

10. View the Device Check information auto-populated from the project management.

11. **Demographic Bin:** This field is only visible if the job is **Data Collection**

- Click **See More** to view the Demographic requirements configured by the project manager.

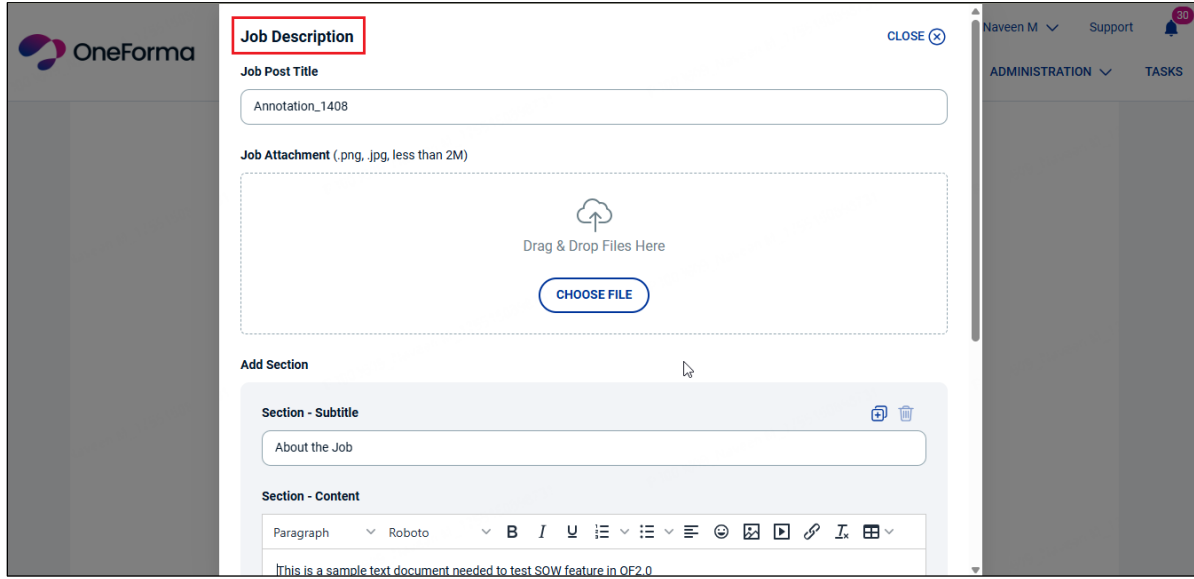

| Demographic Bin                                                          | #Needed | Buffer(%) |
|--------------------------------------------------------------------------|---------|-----------|
| 1. Age Group: 18-30, 31-45                                               |         |           |
| 2. Gender: Male, Female                                                  |         |           |

### I. Job Document Library

**Job Document Library**

Is Job Document Library Required: Yes

**Job**

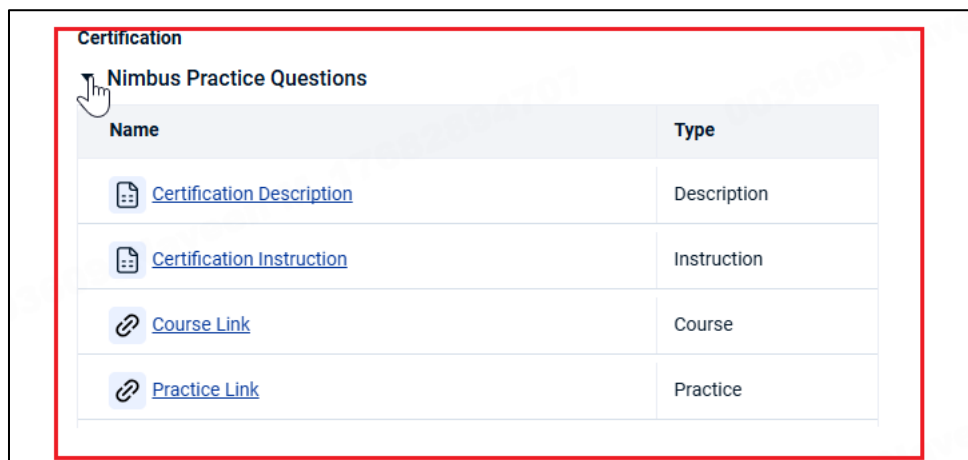

| File Name                                                                                                                         | File Type     | Resource Type      |
|-----------------------------------------------------------------------------------------------------------------------------------|---------------|--------------------|
|  <a href="#">Professional Translator - ST...</a> | Job Guideline | External Resources |

**Note:** Each document in the job document library has a defined target audience (Internal/External). If the target audience is external, the audience would be the following.

- **In-production/hired**
- **In-production**
- **Job applicants**

### II. Certification Documents: This includes the certification description, instructions, guidelines, course link and practice link.

- Click on any of these links to view the document.

**Certification**

 **Nimbus Practice Questions**

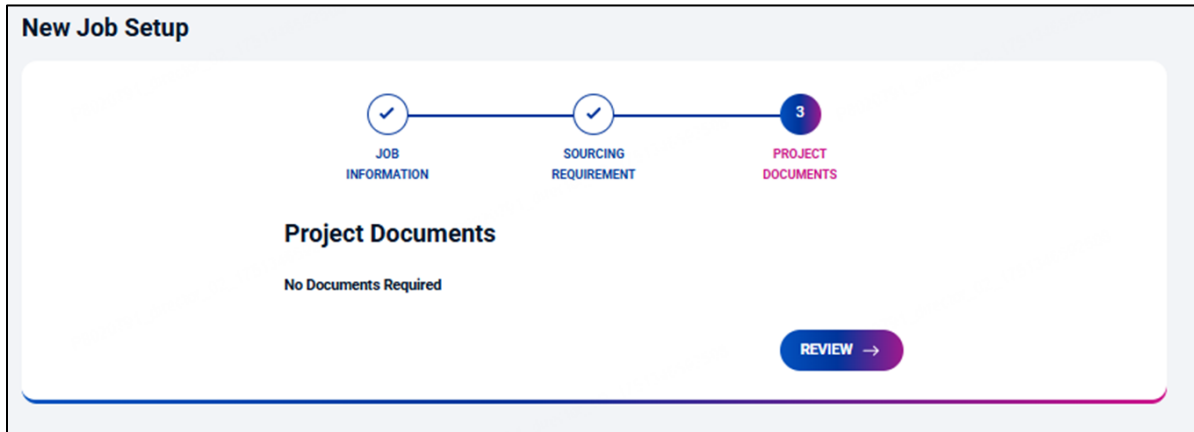

| Name                                                                                                                          | Type        |
|-------------------------------------------------------------------------------------------------------------------------------|-------------|
|  <a href="#">Certification Description</a> | Description |
|  <a href="#">Certification Instruction</a> | Instruction |
|  <a href="#">Course Link</a>               | Course      |
|  <a href="#">Practice Link</a>             | Practice    |

15. Click **Next**.

## Step 3: Project Documents

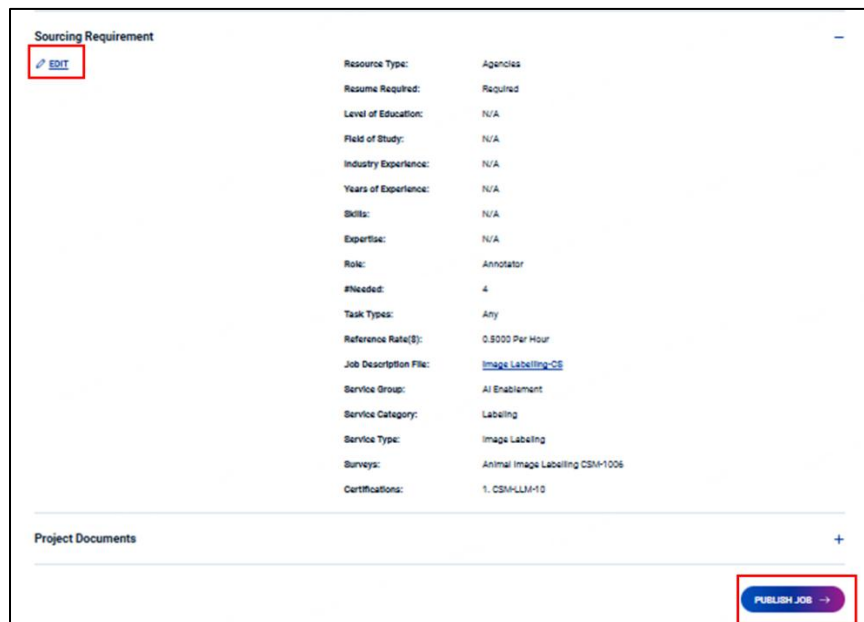

You can view, but not edit, documents such as the **Non-Disclosure Agreement (NDA)**, **Scope of Work (SOW)**, and other files if those were uploaded by PM.

1. Click **Review**.

The screenshot shows the 'New Job Setup' interface. At the top, there is a progress bar with three steps: 'JOB INFORMATION' (completed), 'SOURCING REQUIREMENT' (completed), and 'PROJECT DOCUMENTS' (current step, highlighted with a red circle and the number 3). Below the progress bar, the title 'Project Documents' is displayed, followed by the text 'No Documents Required'. At the bottom right, there is a red button labeled 'REVIEW →'.

2. Click **Publish Job**.

The screenshot shows the 'Sourcing Requirement' form. At the top left, there is a red box around the 'EDIT' link. The form contains the following fields and values:

|                       |                                   |
|-----------------------|-----------------------------------|
| Resource Type:        | Agencies                          |
| Resume Required:      | Required                          |
| Level of Education:   | N/A                               |
| Field of Study:       | N/A                               |
| Industry Experience:  | N/A                               |
| Years of Experience:  | N/A                               |
| Skills:               | N/A                               |
| Expertise:            | N/A                               |
| Role:                 | Annotator                         |
| #Needed:              | 4                                 |
| Task Types:           | Any                               |
| Reference Rate(\$):   | 0.8000 Per Hour                   |
| Job Description File: | <a href="#">Image Labeling-CE</a> |
| Service Group:        | AI Enablement                     |
| Service Category:     | Labeling                          |
| Service Type:         | Image Labeling                    |
| Surveys:              | Animal Image Labeling CSM-1006    |
| Certifications:       | 1. CSM-LLM-10                     |

At the bottom left, there is a section for 'Project Documents' with a plus sign. At the bottom right, there is a red box around the 'PUBLISH JOB →' button.

3. You will get a confirmation message that the job is published. Click **Go to Jobs** page.
4. The published job will appear in **Active** tab of **Jobs Tracking** page.

### Note:

- III. The system adjusts the status of active jobs based on the changes made by the project manager.
- IV. If an active project is moved to **Under Revision**, all associated jobs (resource requests) will be set to **On Hold**. Similarly, if an individual resource request is placed **On Hold**, you will not be able to edit those jobs until the revision is complete, and the project or the resource request is reactivated.
- V. You cannot hire resources or publish a job if the job status is **On Hold**.

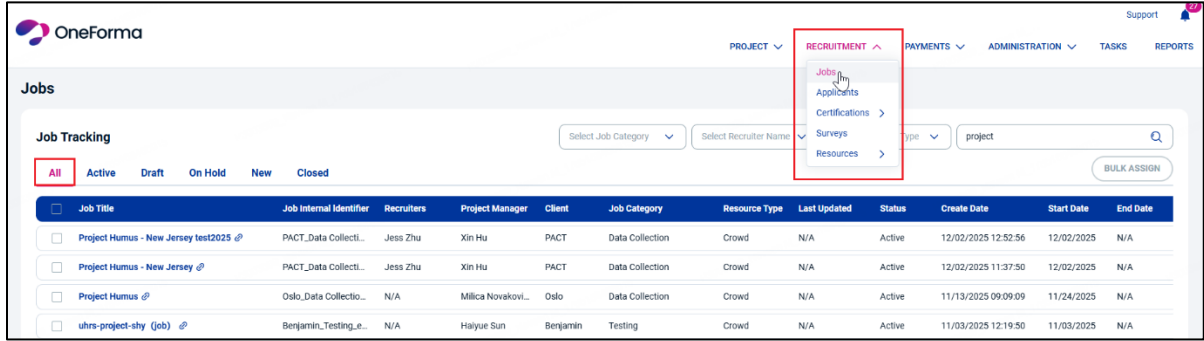

## Manage Jobs

This section will guide you to view, edit, and track the active/published job details.

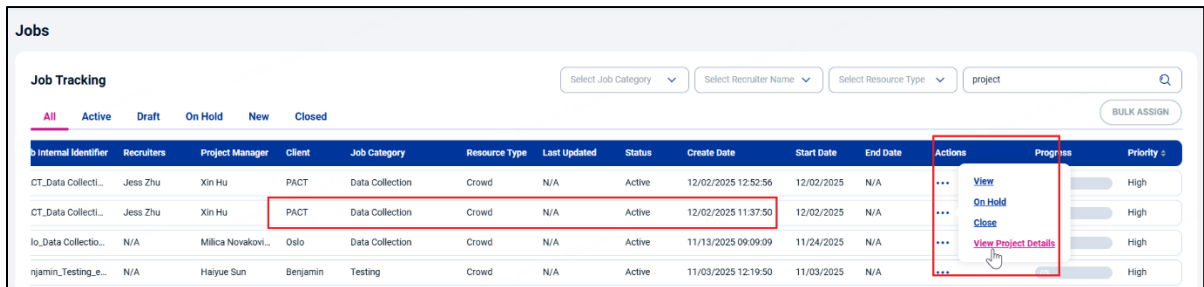

### View Project Details

You can view all project-specific information related to the job (**Active, Draft, On Hold, New, Closed**), including the QR code that can be downloaded and shared or URL that can be copied and shared to any desired applicant(s).

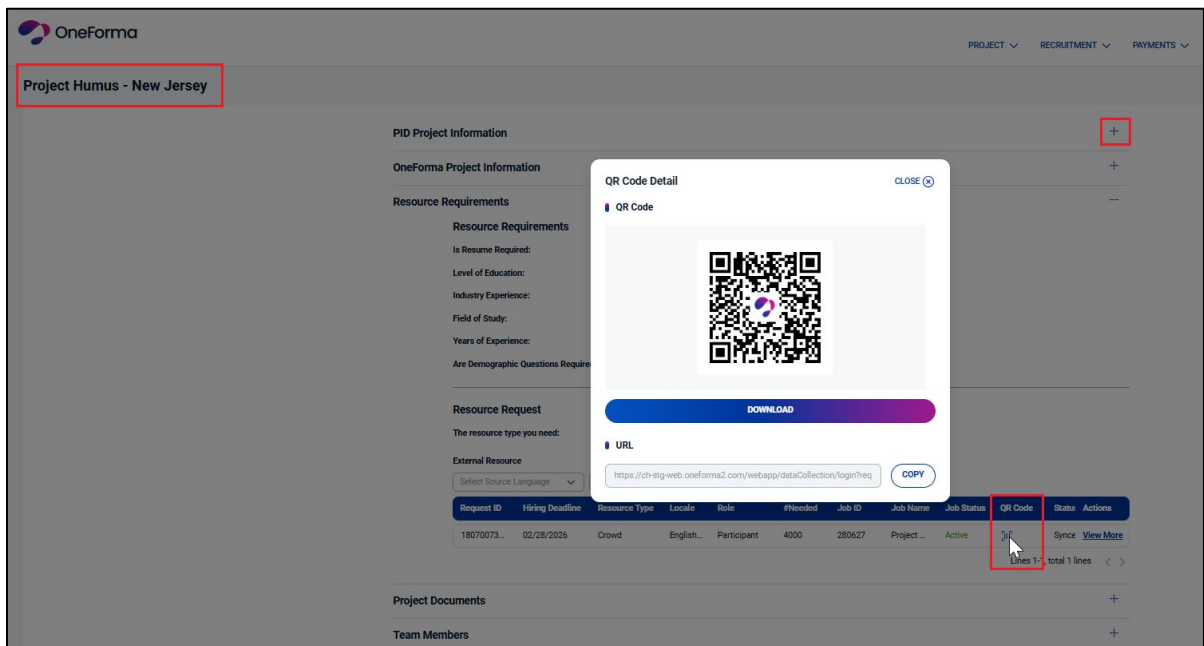

1. After you reach the **Recruitment** menu, select **Jobs**.
2. Navigate to the **All** tab.

3. In the **Job Tracking** table, locate the relevant job.
4. Go to the **Actions** column, click the **ellipsis** menu and select **View Project Details**.

5. View the complete preview of the project.
  - a. Click **+** to expand the **Resource Requirements** section.
  - b. Under the **Resource Request** table, locate the relevant request and click the icon under **QR code** column.
  - c. Click **Download** to download the QR code or click Copy under the URL section to share it with the relevant resources.

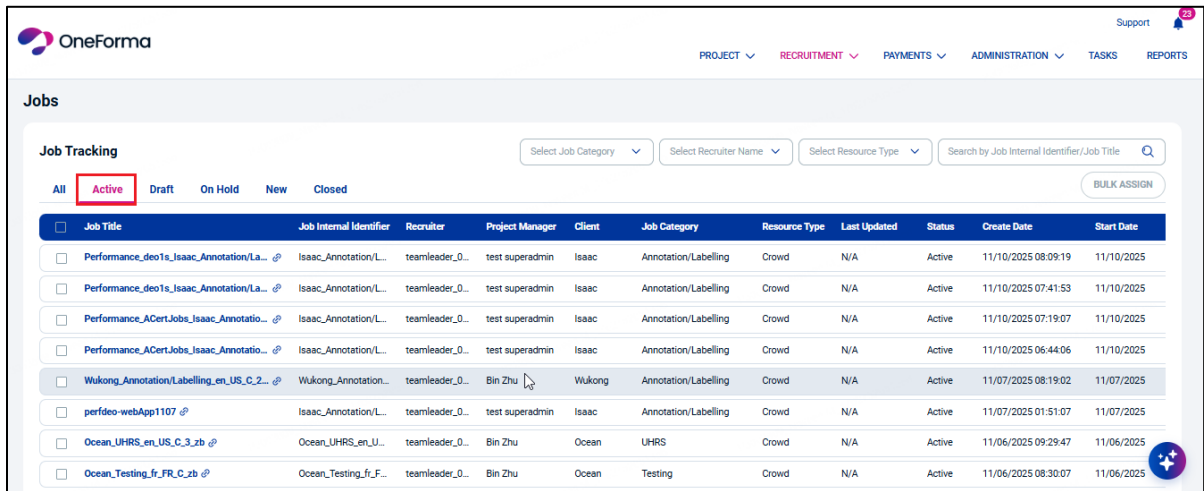

- Click **+** to expand the relevant section(s).

**Note:** You can only view and not edit the project details.

## View Active Job Details

After a job is published, you can view all details such as hiring progress, recruiting team and recruiters assigned to the job, track the progress of applied applicants, and job overview along with job document library.

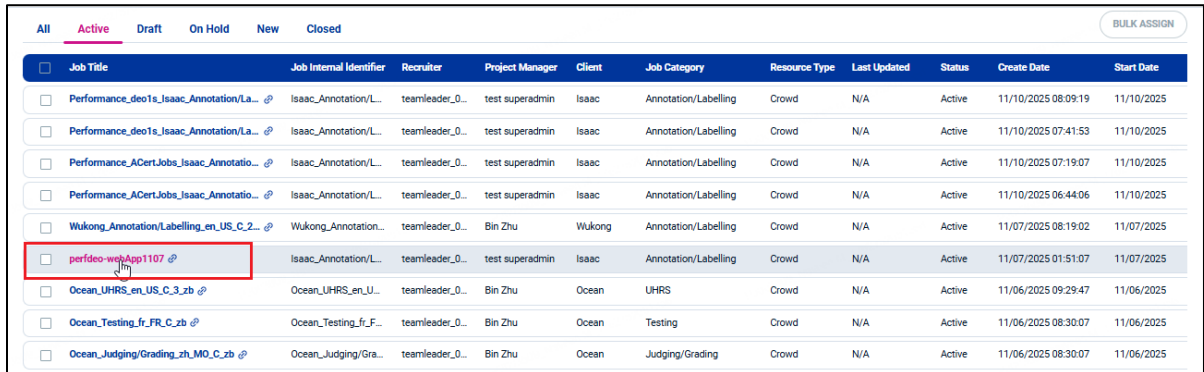

- From the **Recruitment** menu, click **Jobs**.
- Navigate to the **Active** tab.

The screenshot shows the OneForma interface with the 'Jobs' section active. The 'Active' tab is highlighted in red. Below the tabs, there is a table of jobs with columns: Job Title, Job Internal Identifier, Recruiter, Project Manager, Client, Job Category, Resource Type, Last Updated, Status, Create Date, and Start Date. The job 'perideo-webApp1107' is highlighted with a red box.

| Job Title                                | Job Internal Identifier | Recruiter       | Project Manager | Client | Job Category        | Resource Type | Last Updated | Status | Create Date         | Start Date |

## View Documents

When a job is in active status, you can access **Document Reference Library (Job Documents)** directly from **Job Overview** section or from **Job Review** section. This page consists of all documents associated with the job, as published by the PM.

1. From the **Recruitment** menu, click **Jobs**.
2. Navigate to the **All** tab.

The screenshot shows the OneForma interface. At the top, the 'RECRUITMENT' menu is expanded, with 'Jobs' highlighted. Below this, the 'Job Tracking' section has the 'All' tab selected. A table of jobs is displayed with the following columns: Job Title, Job Internal Identifier, Recruiter, Project Manager, Client, Job Category, Resource Type, Last Updated, Status, Create Date, and Start Date. The table contains several rows of job data, including 'Isaac\_Annotation/Labeling\_en\_US\_C\_77' through 'Isaac\_Annotation/Labeling\_en\_US\_C\_70' and 'Performance\_deo1s\_Isaac\_Annotation/La...'. The 'Status' column shows 'New' for most jobs and 'Active' for some. The 'Create Date' and 'Start Date' are both set to 11/10/2025.

3. Locate the relevant job.
4. Under the **Actions** column, click **View** to open **Job Review** page.

## Find Talent

OneForma helps you find the right talent for your job requirements by using advanced filters to match resources across the following job categories:

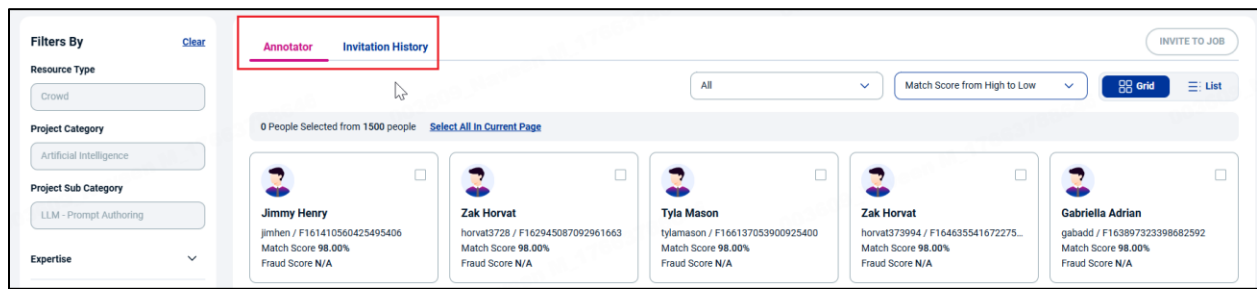

- Annotation/Labelling
- LLM
- Transcription
- Translation

- Judging/Grading

This functionality is available only for crowd and professional resources.

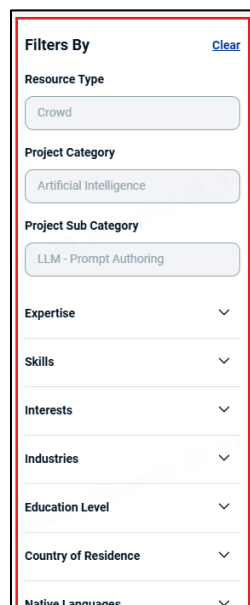

## Sections under Find Talent

**Main Section:** Displays the identified resource(s) that match job requirements, under two tabs.

- **Role:** Displays the right talent based on role (annotator, participants, etc.), and this tab changes depending on the role.
- **Invitation History:** Displays resources who've received invites from the recruitment team.

**Left-Navigation Section:** Apply filters to narrow down your search.

Some of these fields are **auto populated**.

- Resource Type
- Project Category

- Project Sub-category

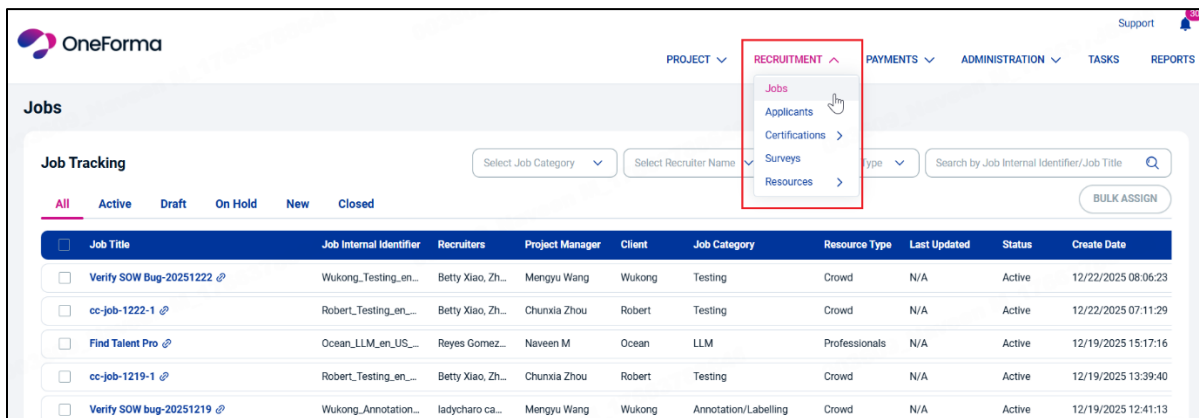

## Configurable Filters

You can find the eligible talent (resources) based on the following filters.

- Expertise
- Skills
- Interest
- Industries
- Education Level
- Country of Residence
- Native Languages

## Select Resources

1. Under the **Recruitment** menu, select **Jobs**.

The screenshot shows the OneForma web application interface. The top navigation bar includes 'PROJECT', 'RECRUITMENT', 'PAYMENTS', 'ADMINISTRATION', 'TASKS', and 'REPORTS'. The 'RECRUITMENT' menu is expanded, showing options: 'Jobs', 'Applicants', 'Certifications', 'Surveys', and 'Resources'. The 'Jobs' option is highlighted with a red box and a cursor. Below the navigation bar, the 'Jobs' section is active, displaying a 'Job Tracking' table with columns: Job Title, Job Internal Identifier, Recruiters, Project Manager, Client, Job Category, Resource Type, Last Updated, Status, and Create Date. The table lists several jobs, including 'Verify SOW Bug-20251222', 'cc-job-1222-1', 'Find Talent Pro', 'cc-job-1219-1', and 'Verify SOW bug-20251219'.

2. Navigate to the **Active** tab.
3. Apply the following filters to locate the job.

- Click **View Email** to view or edit the template.

You can edit the email template and change the title and the content if required.

- Click **Send the Email**.
- Click **Track Applicants** on the confirmation mail.

## Post Jobs to Vendor Resources

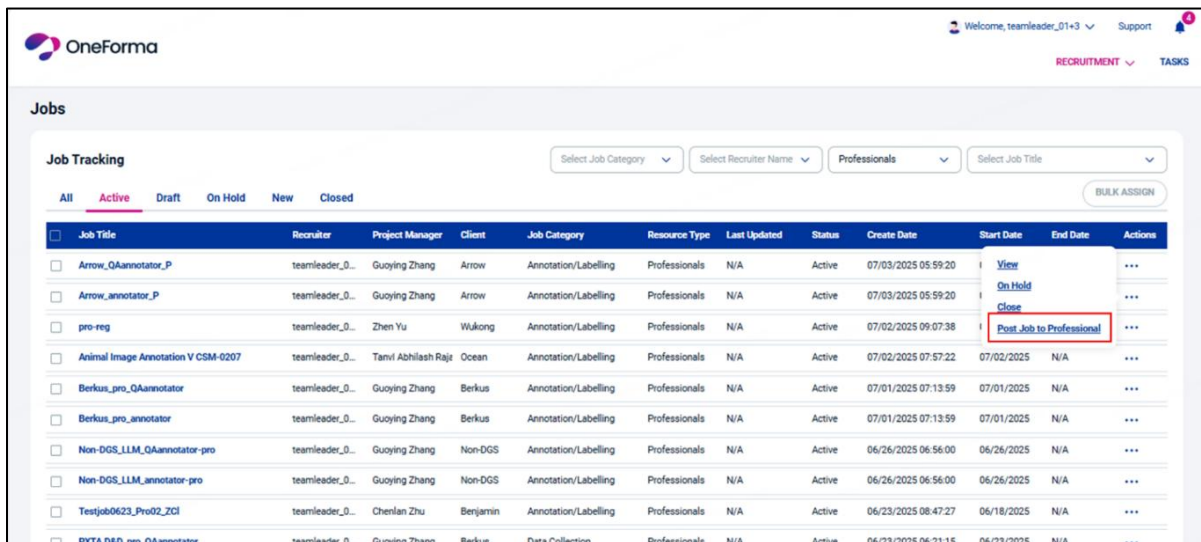

After a job is published, you can post the job to vendor resources (agency and professionals).

**Note:**

- You will perform this task on the **Jobs** page.
- Use the **Select Resource Type** filter to list the jobs posted for vendor resources.

## For Professionals

1. Navigate to the **Active** tab.
2. From the **Resource Type** filter, select **Professionals**.
3. Under the **Job Tracking** table, locate the relevant job to be posted.
4. From the **Actions** column, click the **ellipsis (...) menu**.
5. Click **Post Job to Professional**.

The screenshot shows the OneForma interface with the 'Jobs' section. The 'Job Tracking' table is displayed with filters for 'All', 'Active', 'Draft', 'On Hold', 'New', and 'Closed'. The 'Resource Type' filter is set to 'Professionals'. The table lists various jobs, and the 'pro-reg' job is highlighted. The 'Actions' column for this job shows a menu with options: 'View', 'On Hold', 'Close', and 'Post Job to Professional' (which is highlighted with a red box).

6. You will be directed to invite **Professionals** for the published job from the available list. Select the relevant Professionals by selecting the checkboxes.

7. Click **Invite to Job**.

To invite a single Professional, click **Invite to Job** under the **Action** column next to their name.

**Note:**

- You can only invite Professionals who have already onboarded to OneForma.
- If a Professional is not in the list, you must first send them an onboarding invitation. Once they complete onboarding, you can invite them to the job.

6. You will be directed to invite **Agencies** for the published job from the available list.
7. Select the relevant Agencies by clicking the checkboxes.
8. Click **Invite to Job**.

To invite a single Agency, click **Invite to Job** under the **Action** column next to the agency name.

**Note:**

- You can only invite Agencies who have already onboarded to OneForma.
- If an Agency is not in the list, you must first send them an onboarding invitation. Once they complete onboarding, you can invite them to the job.

The screenshot shows the OneForma Recruitment module interface. At the top, there's a header with the OneForma logo, user information (Welcome, teamleader\_01+3), and a Support link. Below the header, there's a navigation bar with 'RECRUITMENT' and 'TASKS' tabs. The main content area is titled 'Jobs' and 'Post Job to Agency'. It shows a job titled 'Arrow\_annotator\_A' with '5 OPENINGS'. There's a search bar and a table of agencies. The table has columns for Contractor ID, Agency Name, Email, Contact Person, Country, Trust Level, and Actions. The 'Actions' column contains 'Invite to Job' links, which are highlighted with a red box. A red box also highlights the 'INVITE TO JOB' button in the top right corner of the table area.

## Invite Vendor Resources for Jobs from Resource Management

After a job is published, you can invite the vendor resources (**Agencies and Professionals**) to the job from Resource Management.

**Note:** You can invite vendor resources for active jobs at any stage of your process flow, if it is within the hiring deadline.

1. Navigate to **Recruitment** module, click **Resources**.
2. Select **Resource Management** to open the **Resource Invitation** page.

**Jobs Tracking**

Select Job Category | Select Recruiter Name | Select Resource Type | Select Job Title

**Recruitment** (dropdown menu): Jobs, Applicants, Certifications, Surveys, **Resource Management**, Resources

**Invite to Job**

Are you sure to invite to job?

**Agencies**

A266122575291445248 - tingling yin - tingling.yin+71@centific.com  
A264642948142247936 - Neo Lin - liquan.ling@eq.com  
A268923998529130496 - AO XIN - xin.hu+0112a@centific.com

**Please select a job to invite**

FE\_OneData\_Agency

**SEND INVITATION** →

- An acknowledgment dialog box for the job invite will appear. Click **Go to Resources**.

**Note:** The drop-down filter displays only jobs that are posted for the Agency resource type.

## View Pending Job Invites

You can track the status of your job invites made to vendor resources.

1. Under the **Available Resources** section, navigate to the **Invitation Pending** tab.
2. Expand the Resource Name to check the **Invitation URL** and **Invitation Expiration** date.

## Bulk Invite Crowd Resources for Job

You can also bulk invite selected crowd resources for public and private jobs.

1. Go to the **Recruitment** menu and select **Jobs**.
2. Navigate to the **Active** tab.
3. Locate the job for which you want to invite crowd resources.

**Note:** You can also search for the relevant job using the filters and **Search** box.

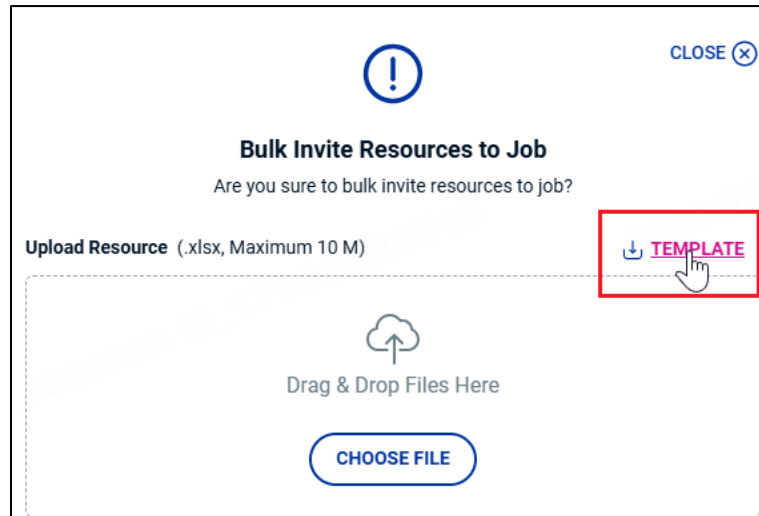

- From the **Actions** menu, click the ellipsis icon and select **Bulk Invite Resources to Job**.

The screenshot shows the 'Jobs' page with a table of job listings. The 'Actions' column for the job 'Data Collection' (Resource Type: Crowd) is highlighted, and a dropdown menu is open showing options: View, On Hold, Close, Bulk Invite Resources to Job, and View Project Details. The 'Bulk Invite Resources to Job' option is selected.

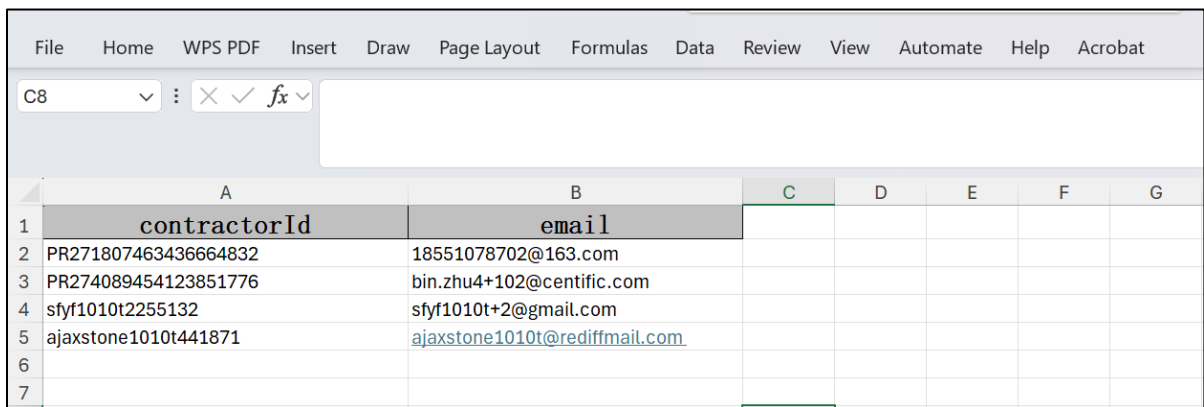

| Job Internal Identifier | Recruiters      | Project Manager | Client | Job Category        | Resource Type | Last Updated | Status | Create Date         | Start Date | End Date | Actions | Priority |

- From the dialog box, click **Template** to download the excel template file.

The dialog box titled 'Bulk Invite Resources to Job' asks 'Are you sure to bulk invite resources to job?'. It features a 'Template' button with a download icon, which is highlighted with a red box and a hand cursor. Below the dialog box is a 'CHOOSE FILE' button.

- Open the Excel file and fill in the relevant details.

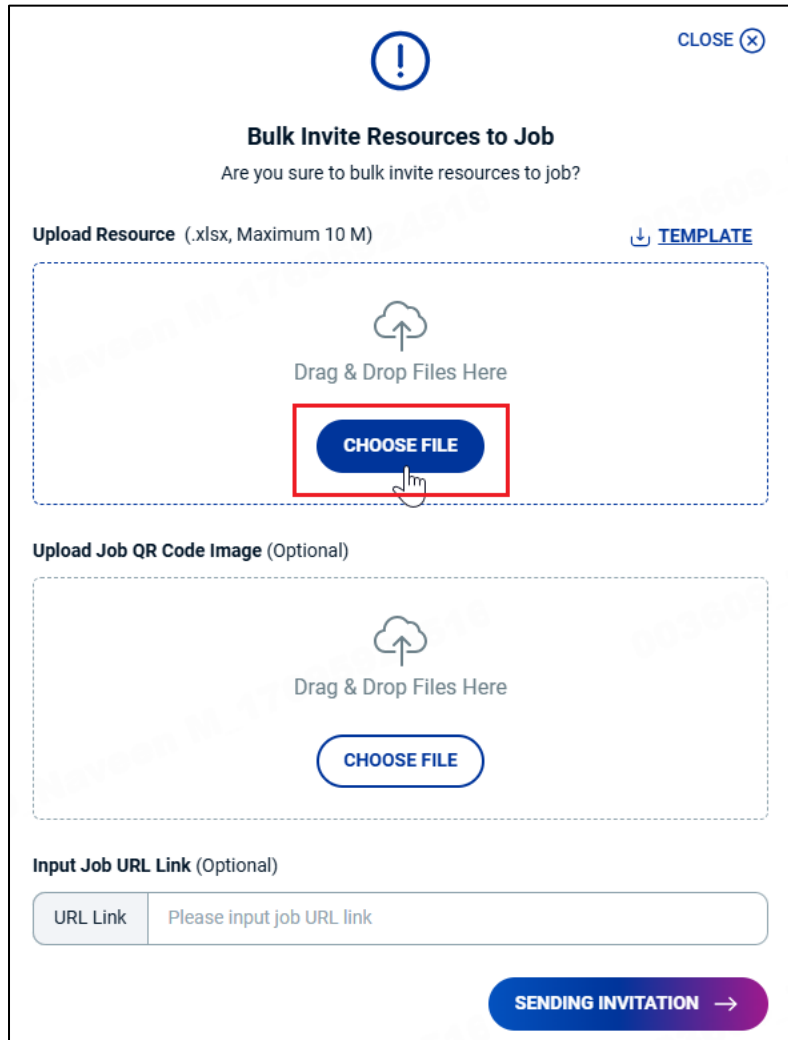

The screenshot shows an Excel spreadsheet with the following data:

|   | A                    | B                                                                                | C | D | E | F | G |

| 7 |                      |                                                                                  |   |   |   |   |   |

**Note:** You must have the contractor ID and email of the resources handy.

7. Click **Choose File** to upload the filled-in excel sheet.

**Note:** You can also share the **QR Code image** or the **job URL link** if required.

8. Click **Send Invitation**.
